We've received your application!

Biola International Undergraduate Admissions <undergrad.international@biola.edu> **Jun 17, 2026, 2:40 PM**
To: nonvikan.karl-augustt.alahassa@mailfence.com

Let's finish this process!

You're well on your way to completing your application at Biola University! Here are a few of the items you may need to finish your application:

Transcripts

If you have not already done so, you will be asked to submit a transcript from each high school and college attended, current through the time of application. An **unofficial transcript** is acceptable for your application, and can be uploaded as a .jpg, .png or .pdf file. Transcripts can also be emailed to admissions.transcripts@biola.edu.

* Note: homeschool and international students have special instructions for submitting transcripts.

Decide whether or not you will submit your test scores

Biola is a test-optional university. We do not require domestic applicants to submit test scores. If you've taken these tests, you may submit your scores to strengthen your overall academic qualifications and reduce the need for placement exams later in the enrollment process.

* International students are still required to submit a proof of English proficiency. Please check the standardized testing requirements.

Check to see if your program has additional requirements

The following schools or honors programs require students to submit **supplemental applications** - all programs in the School of Cinema & Media Arts, Torrey Honors College, the Conservatory of Music and the Stewart Science Honors Program.

To submit these items, log in to your application portal and look for items that are not yet received. Please allow up to two weeks for processing – we'll notify you when an item has been processed and confirm once your application is complete.
